			<p>A dog's love isn't loud or demanding. It's the kind that settles into the corners of your life - waiting at doors, resting at your feet, and turning ordinary routines into rituals of comfort. Over time, you realize they've woven themselves into your every day.</p> <p>Julian Ashford</p>			1

What makes a dog extraordinary isn't their loyalty alone, but their ability to see us without the filters we wear for the world. To them, we are already enough - worthy of affection, worthy of trust, worthy of coming home to.
